Gippsland Tourism Gets That Winning Feeling

The Gippsland Tourism Sector was inspired last night by passionate and insightful speeches from renowned restaurateur Dur-e' Dara and Tourism Victoria Director Geoffrey Conaghan at the Gippsland Tourism Awards hosted by Bis Cucina in Sale.

On a happy evening marked by cheers, laughter, fine Gippsland Wine and a sense of unity, the tourism industry celebrated the achievements of their peers.

Mr Chris Buckingham, Gippsland Tourism said: 'While it was fantastic to see so many businesses judged to a high standard, the highlight for many were the inspiring words of our guest speakers.

Mr Geoffrey Conaghan acknowledged the passion and resilience of the Gippsland Tourism sector and called on the industry to: 'Recognise what makes Gippsland a great visitor experience and stay focussed on delivering the plan to promote the region.'

Dur-e' Dara wowed the 130 people attending the awards with her enthusiasm for Gippsland and inspiring outlook on life. Dur-e' Dara made a note of commending the 'Inspired By Gippsland Food and Wine Guide'. 'It is one of the best regional food and wine guides I have ever seen' said Dur-e' Dara.

Mr Tom Stafford, Chairman of Judges, observed that the overall standard was high: 'Given the great diversity of product in the region and the high standard of businesses entering the awards, we want to see businesses promote themselves more. It is time to take the light from under the bushel.'

Mr Buckingham was delighted by the support from sponsors and reserved particular mention for Jenny Brown, who played a key role pulling the Gippsland Tourism Awards together.

Ms Kaye Brown from Springbank B&B, a finalist in the Deluxe Accommodation Category, summed it up for many: 'It was enjoyable, refreshing, encouraging, and great to see and meet the people behind the businesses in Gippsland – a huge network demonstrating dedication and perseverance and a willingness to share something in the face of adversity. We were delighted to receive a finalist acknowledgement and particularly inspired by the addresses given by the presenters especially Dur-e-Dara, indeed a woman of experience, understanding and adventure.'
